

## People Believe Taliban News

Tuesday, 01 September 2009 08:40 administrator

The British authorities destroyed a helicopter after it ostensibly developed technical faults. The British ministry of defense says it was difficult to bring back the helicopter to its launch pad at the military Base. So it was necessary to destroy it in order to prevent

Taliban from using it as propaganda stuff and knowing the structure of the helicopter. The helicopter was destroyed by Taliban in Sangin district but as usual the British authorities claimed that it crashed due to technical faults. The British ministry of defense further says, people believe what Taliban say but they do not believe British government claims, thinking them be mere exaggerations.
