"Statement on false reports of eye gouging" (<http://www.alemarah1.com/english-27-10-2008.html>)

Quote

Some media outlets have published reports, quoting a person who very well may have been admitted to Mirwais Hospital in Kandahar province. This individual stated that three armed men gouged his eyes out with a knife in the Sarwan Kala area of Helmand province's Sangin district. The aforementioned individual did not on any occasion identify Taliban fighters as his attackers. Furthermore, in response to questions from several journalists, he (the victim) only elaborated that the area in which the attack occurred is under the control of the Islamic Emirate of Afghanistan. The Taliban administration of the area never punishes anyone (Afghans or invader soldiers for that matter) in secret, and it is also a distinct possibility that the incident may have been the product of personal vendettas gone awry (more on link)
