Quote

The other day, the stooge Afghan parliament debated on the setting up of relief fund for the members of those victim families, which have been killed in American bombardment. They emphasized that foreigners should undertake to provide the fund for the relief because it is they who are involved in the killings of the Afghans On the other hand, if we ponder over the proposal, we can see clearly that the parliament, in its capacity as a stooge entity, is trying to put seal of confirmation on the atrocities of the foreign forces. Through this step, the parliament is indirectly, providing outlet of justification for the invaders to shed further blood of the Afghans at free hands, because the existence of relief fund will compensate for their crimes. The Relief Fund will come forward, in a way, to pay the blood money It is a campaign of electioneering to secure for themselves the power corridors for another five years

O Allah, the sky is yours; the earth is yours; the sea is yours, so whatever forces they have in the sky, drop them. Destroy all their forces in earth and sink all their forces in sea

O Allah, deal with them for verily they can never disable you

O Allah, retaliate upon them, afflict them like you did to Pharaoh and his nation

O Allah afflict their country with floods, make them in need of money and food and persons

O Allah defeat them, destroy them O the All-Strong, the All-Mighty

Allahu Akbar
