

## Islamic Emirate of Afghanistan address to the Canadian people in connection with killing of two of its female citizens

In the Name of Allah, the Most Beneficent, the Most Merciful

All Praise and thanks are due to Allah, the Lord of all that exists and may peace and prayers be upon the Messenger of Allah, his family, companions in entirety.

To the Canadian people, whose two females nationals were killed

on Wednesday midnight 13-08-08 on Kabul and Gardiz highway in Kulagar area of Poli Alam city of Logar province in Afghanistan, should understand, that it was in result of the erroneous policies of the government of Canada, which has been hijacked by America, who have force it to send its young men and women to die for the greed of the corporate mafia, under the banner of spreading democracy in Afghanistan.

The Canadian people, you should recognize, that Americans have established policies which the Canadian forces must follow, these policies include killing Afghan men, women and children every day, bombing their homes and fields all in the name of democracy.

Afghans have not invaded Canada to kill Canadians, but its the Canadians who have invaded Afghanistan for murdering, torturing and plundering of Afghans and Afghanistan, so they can satisfy the craving of the fascist mode of neo-crusaders.

If the Canadian Government takes into consideration its national interests over the interests of others and wishes to carry out independent policies for the betterment of Canada, it is thus ill-advised for it to sacrifice the blood of its citizens for the terrorists in White House, thus jeopardizing the international reputation which Canada has.

The Islamic Emirate of Afghanistan wants to establish good relationships with you and your government, this is only possible when your government changes its tyrannical polices pertaining to Afghanistan and its people.

Afghans have killed your citizens, but in defence of their women, children and men who are cold bloodedly being butchered everyday, but we guess you can not hear their cries, we are not the aggressors but only reacting to what you have instigated, if you freedom loving people where put in the same predicament, your reactions would be the same, you would defend your honour and your properties from the invaders, you should not look at this incident in its isolation but look at the whole picture in trying to comprehend the atmosphere in Afghanistan in its totality, we think if you do this, you will soon come to see that carnage which your government policies have afflicted on Afghans can not be compared with loosing few of your love ones, but a loss life is a loss life, irrelevant of whose life it is, if this is the motto of Canadian people, then we request that you to advise your government to change its policies of pleasing the Americans, otherwise the bloodshed of innocent people will continue on both sides.

Islamic Emirate of Afghanistan requests the peace loving citizens of Canada to advocate to its government to end its occupation of Afghanistan and let Afghans govern their government with out any

foreign interventions, so that serenity can be enjoyed by Afghans and Canadians.
