

**TAB B - Recommendations**

~~(FOUO)~~ Based on the findings submitted above, and in addition to the recommendations for changes to TTPs at paragraph t, above, I make the following recommendations:

A. (U) Force Protection:

1. -----  
-----  
-----  
-----
2. ----- (b)(2)High -----  
-----  
-----
3. -----  
-----  
-----
4. -----  
----- (b)(1)1.4a, c and g apply. -----  
-----  
-----

B. (U) Leader Actions:

5. ~~(FOUO)~~ Command responsibility/accountability – in consideration of the findings listed above, and based on my 33 years of military experience, I recommend the following administrative actions to address shortcomings in command oversight contributing to the attack of COP Keating;

- a. -----  
-----  
-----  
-----
- b. -----  
-----  
-----  
-----
- c. ----- (b)(2)High, (b)(3), (b)(6) -----  
-----  
-----  
-----
- d. -----  
-----  
-----  
-----  
-----  
-----

6. (b)(2)High
- 7.
- 8.
9. (b)(1)1.4a, c and g apply.

C. (U) Resourcing:

10. (b)(1)1.4a, c and g apply.
11. demonstrate once again the tremendous value of this type of training. Particularly in mass casualty situations, results demonstrate that Combat Life Savers keep Soldiers in the fight, save lives, and reduce the burden on other medical professionals. Sustain this training as imperative for all Soldiers.
