The Criminal Americans are Fumbling About, Carrying Out a War of Atrocities

by: Sheikh Atiatullah - may Allah protect him -

This phenomenon not something strange coming from them, nor is something surprising to us; a phenomenon which is a result of its true identity is not unusual. They and their state of affairs are known to us from the start. They are the scum of humanity, having no religion nor God-consciousness, no ethics nor standards for that matter, except what they boast about – as they must – from their hollow and deceitful slogans and expressions which only trick those who have no sense of morality and true religion.

Indeed they are the Americans, the leaders of humanity today.

... the immoral criminals, teachers of debauchery and filth, those who spread corruption across earth.

... a criminal, homosexual, shameless, dissolute people, worshippers of lusts and Satan.

... a tyrannical, conceited, impudent, and oppressive people hostile to others.

... a gluttonous, selfish, greedy, lustful, and animal-like people.

... a people who reject Allah, the Magnificent, His laws, and His right of absolute authority.

... those who have haughtily refused the worship of Allah (ﷻ)!

... those who deny of the Messengers of Allah and their Messages, those who abuse and mock the Messengers of Allah.

Are they not the ones who reviled Muhammad (ﷺ), siding with and protecting those who cursed and mocked him? Do not the president of America and its masses believe that the Messenger of Allah, Muhammad (ﷺ), was a liar – that he lied to humanity in his claim that he was a Prophet of Allah to all people? Do they not believe that he was not sent by Allah nor was he sent revelation, and that this Quran brought by Muhammad (ﷺ) is a lie and fabrication which he himself put together?!

Do the American masses not believe that this Quran is backwards, callings to digression and what they call violence and terrorism, criticizing it, saying it to be the foundation of transgression against human and women's rights?

Woe be to humanity if the likes of these people are its leaders, and woe be to humanity if they do not rebel against these likes and return to their Lord and submit the role of leadership to its best, the followers of the Messengers of Allah, Allah's beloved, those who follow His Guidance, His Books and His Messages!

Due to the unawareness, rather the deep sleep of the people of Truth (the Islamic Nation), these people and their predecessors assumed leadership of the world. They built a materialistic and lustful society based on the disbelief of religion and the Last Day, drowning in entertainment and opulence: seeing the world as nothing but a source of entertainment, by any means or ends, without any of the curbs or restrictions of religion or the fear of the Lord, the Great and High Creator.

While they were engaged in world politics, vying with other civilizations trying to assume the role of world leadership, they had to decorate their corrupt and filthy animal-like civilization and culture with some humanitarian and ethical standards and societal coining which try to appear moral, along with some remnants of unobjectionable humanitarian conscience. The natural will of this humanistic existence always tries to comfort itself with deceptive claims. Trying to patch up a society must have some apparent good results, but they are those which cannot stand firm in front of the truth. Bits and pieces of truth and reality have no meaning in comparison to the misguidance and deviance from the true path of Allah.

They have borrowed, even though they reject and deny it, from the rays of Guidance of the messages of Allah, especially those of Islam and the Last Prophet Muhammad (ﷺ), those things which suit their desires. They sought enlightenment in innovation, research, development of the mind, principles of knowledge, analysis, laws, administration and following the means to achieve results...

They devoted their time to this world, as it is for them and they are its worshippers; it is what they seek the most and their final purpose:

“...and they are heedless of the Hereafter” (Al-Room: 7)

So for this reason, their materialist revolutions occurred, such as the industrial and technical revolutions, and their illicit, hollow and fabricated society came into existence: their so-called freedom, their claims of justice, human rights, animal rights and others, their humanitarian and ethical slogans, and their filthy and deceptive regime - with which they fooled many from the masses - democracy, as well as many other systems of society, economy and the likes of these standards.

So they were a trial and calamity for humanity.

In the temporary absence of the good people of Truth, the followers of the religion of Allah, His Messages, and His righteous slaves who worship Him in truth...

If this were not the case, there is nothing good in their society except that the Guidance of Allah brought by the Messenger of Allah (ﷺ) has something better and more blessed, “...but indeed most people do not know.”

But when the wheel of time took its turn, as is the Way of Allah (ﷻ) in regards to His creation, and the banners of the Promise of Allah which Allah gave to His righteous slaves started to appear, Allah brought from this Islamic nation, from the people of Tawheed (worshipping Allah ﷻ alone without partner), from the people of piety, trustworthiness, chastity, truthfulness, determination, jealousy, and sacrifice, people who stood to show the fallaciousness of this lewd society, to demolish it, and to remove it from the position of leadership of humanity. Allah enlightened their hearts with His knowledge and belief in His True Promise, and He guided them to the correct path. So they stood ever-ready and serious, and they took on the hardships – of course with sound knowledge – of being strangers few and weak, and the bitterness of blame, seeking assistance in their Lord and Protector (ﷻ). And along with the [support of the] blessed majority of their good nation, they are fighting this immoral and infidel country which is the spearhead of the enemies of Allah and the heart of the filthy and misguided civilizations today.

So their leaders and intellects roared from every corner, “The ‘terrorists’ want to change our standards and our way of life!” The liars have spoken the truth! By Allah, we want to

change your immoral standards and annihilate them, and the matter is in the control of Allah at all times and conditions.

In the beginning, these immoral countries took their (this small number of Muslims') matter lightly, as what usually occurs in history, even though they pulled together, due to a mix of fear and hope, many troops to fight them, an army of the abandoned and despicable, even though it tried to appear as if it had some semblance of morality, ethics and integrity.

But when the fight got tough and lengthy, and they saw its horrors and tasted consistent examples of the death, massacre, injury, pain and loss similar to what they made our Nation and many others to taste, and when their wealth started to ooze alongside their blood, they began to feel humiliation and despair. They revealed their true concealed identity and removed the veils of deception from their black faces, reverting to the true nature of their rotten civilization, like a person in a fit beating about here and there between their various callings: that of their evil and filth, their claims of their deceitful "humanitarianism and civilization", and the moral appearance which their role in the world calls them don.

So at last, they resorted to debauchery, that which they themselves are most befitting of! Even though they launched this same debauchery at the start of this war in Afghanistan, they stopped for a while, making it appear as if they were civilized. Now again they have reverted to their old debauchery in this war, targeting weak civilians who have nothing to do with the war. They demolish homes over its residents due to mere suspicion, and due to one person which they think to be a target, they kill many of the weak from amongst women, children and the elderly. Rather, they even target civilians at weddings, mourning ceremonies, and schools, killing and wounding them by the tens, all to deter and to terrorize the villages of Afghanistan and Waziristan. Most of these cases are not even mentioned by the global media, and thus the lying criminals succeed in hiding them.

From Herat to Helmand, Kandahar to Nuristan, Kunar to Jalalabad, Saroubi to Kabul, Khost and many other places, homes, public gatherings – some of them weddings and mourning ceremonies, and sometimes even schools and mosques – have been bombed, all to instill fear in people and to inflict losses. Though the world sometimes hears of these cases, they only hear of the major ones, those near the cities or those mentioned in the media. As for the other daily debaucheries and atrocities, it never reaches the eyes and ears of the world, as the enemies of Allah have launched an extensive cover-up campaign.

In the border regions and Pashtun tribal areas, in Bajaur and other areas, Islamic schools have been bombed a number of times, killing tens of students, most of them not even reaching the age of puberty. In the end of Shawwal (the end of October) this year (1429), they bombed a house in which a mourning ceremony was being held. They had bombed another one earlier in the small city of Miranshah, the capital of North Waziristan, and about the same time, they bombed a car due to mere suspicion. They also bombed many homes which most of the time only house women, children and some men of the locality. In one event, sneaking in from Afghanistan, they penetrated into a mountain village in South Waziristan within the Pakistan borders near Arghund, Afghanistan before Ramadan and surrounded the home of some locals who had no ties with the Mujahideen whatsoever. They were only poor farmers. They forced all the residents, women, children and also the men out of their home and were made to stand in the courtyard, and then they killed them cold-bloodedly with a shower of bullets. They then proceeded to ruin the house and then escape. We were also informed that they descended into another area in which there were no Mujahideen, also within Pakistani boundaries adjacent to the Afghan city of

Khost, and they killed the weak and poor residents of the house which included the elderly and women.

This is only a small description and tale of their crimes, yet it is the true face of their immoral civilization and the path of their forefathers from the British, French and Italian colonialists.

And so we expect evil from them!

So O slaves of Allah, who will not excuse us if we deal with them equally and direct ourselves to their cities and civilians while Allah has given us this right? In the Quran of our Lord which the president of American and his masses disbelieve it states:

“...And those who, when great wrong afflicts them, they seek revenge. * The recompense for an evil is an evil like thereof, but whoever forgives and makes reconciliation, his reward is due from Allah. Verily, He likes not the oppressors. * And indeed whosoever takes revenge after he has suffered wrong, for such there is no way (of blame) against them. * The way (of blame) is only against those who oppress men and wrongly rebel in the earth, for such there will be a painful torment.” (Al-Shuraa:49-42)

“The sacred month is for the sacred month, and for the prohibited things, there is the Law of Equality (*Qisas*). Then whoever transgresses the prohibition against you, you transgress likewise against him. And fear Allah, and know that Allah is with the pious.” (Al-Baqarah:194)

“And if you punish, then punish with the like of that with which you were afflicted; but if you are patient, it will certainly be best for those who are patient.” (Al-Nahl:126)

“That is so. And whoever has retaliated with the like of that which he was made to suffer, and then has again been wronged, Allah will surely help him. Verily! Allah indeed is Oft-Pardoning, Oft-Forgiving.” (Al-Hajj:60)

Who cannot excuse us that after this, if they do not care for nor stop their debauchery, we direct our attention and devote ourselves to them, saying that we will not bother much with your troops and dogs, but rather we will target your homes, women, children, markets, streets, and large gathering places! Why should we tire ourselves with people of debauchery and the ignoble who have never even come face to face with us, nor have we seen them except a few instances when we surprised them in their hiding places or during

surveillance seeing them toiling about. When they do encounter us, they flee, only to be followed by jets which barbarically bomb everything in the vicinity, not differentiating between combatants and others.

O Muslims! Indeed war has many types of horrors, and by the will of Allah, we are patient in their face. Indeed we are people of truth and chastity. Our numbers increase in times of fright, while they decrease in opportunities of greed. Our call is that of truth and justice, we wish goodness and deeds of charity, and we show mercy to the creation preferring the afterlife. But if there is nothing around but fangs, then what other choice do we have but to wear them? If our opponent is debauch and base, what other choice do we have? And as the Words of Allah mentioned above have spoken, the initiator is more oppressive.

What we were very worried about and feared was that Clinton's wife would win the elections when she was running for candidacy. By Allah, we do not know what would happen to us if that happened, while Allah always makes a way out. Some brothers were even praying that Allah not cause her to win, while we usually prefer to pray in the likes of these situations to straighten the affairs of the Muslims. They said, what would be the stance of Sheikh Osama in face of a woman! What would he say?! At least now we are facing a man who we can degrade, threaten and wage war against!

O people! Who will come with an honorable and just enemy?

By the Will of Allah, you will see nothing other than steadfastness and a truthful stance from the Mujahidoon, but war is severe and the enemy is one which is brutal, tyrannical and shameless.

So help your brothers by your prayers, beseech Allah that He restrains the evil might of those who have disbelieved and that He relieves the hardships of the Ummah in general, and that he gives victory to his beloved slaves and Mujahidoon soldiers in his Cause.

By Allah, America will never succeed nor be safe; rather Allah will cause their defeat and break it fiercely, breaking its back as He broke the backs of the tyrants and insolent in the past. How can this not be the case when the meek, weak, elderly and the righteous are humbly stretching out their hands in prayer at all times, calling on the All-Powerful King to defeat the and exact His revenge on them?

America is only waging war against Allah and His religion, and Allah is ever watchful of them. His Wisdom is perfect and His perfect arguments are established over His creation.

“Thus (you are ordered by Allah), but if it had been Allah's Will, He Himself could certainly have punished them (without you). But (He lets you fight) in order to test some of you with others.” (Muhammad:4)

If we were those who fight them relying on our own selves and capabilities, like it, we would have been finished off long ago. Rather, we are only a veil for the Will of Allah. We implement the command of Allah in obedience to Him, seeking His Pleasure, and hoping for His promise, depending and seeking help in Him. If this was not the case, the patient would not be able to show patience, and the Mujahid would not be able to wage Jihad. For this reason, calamities and trials only increase the Mujahidoon and their helpers in Afghanistan and other areas in strength, resoluteness, determination and holding to the truth.

Indeed this debauchery and fumbling about of the Americans is a sign of their loss and a proclamation of their approaching fall, Allah willing. They will not be able to continue a

prolonged war, and this is the Way of Allah in His dealings with their likes; let them examine history. By the Grace of Allah, we are persistent in our war against them, we are patient, we vie with them in patience, seeking protection from Allah, while they are bleeding and tiring out. One dollar in our hands, with the Blessings of Allah, overpowers millions in theirs, for Allah destroys it and makes it a means of regret and suffering for them.

“And Allah is the Ally and Protector of the believers.” (Aali Imran: 68)

“And those who do wrong will come to know by what overturning they will be overturned.” (Al-Shu’ara:227)

And Allah is sufficient for us, and he is the best Disposer of Affairs.
